

FOXY MOXY ASTROLOGY

YOUR NOVEMBER HOROSCOPE

Will you have to wait for Thanksgiving to get your stuffin' this month?

ARIES Recently, you thoroughly enjoyed getting dressed up in costume. Well now it's time to undress for extra-sexy success. I don't mean that you have to run around naked (unless you want to!) but that you should ease up on the façade you present to the world. Dropping your guard around the 13th and 14th could lead to lots of quality naked time by 30th!

TAURUS The beginning of the month finds you making some wise observations when the topic turns to sex. You'll play the guru to others up until the 11th. By the 16th, start taking your own advice and make a date with the one you lust! The 17th - 22nd have all the signs of hot play days; perhaps it's time to schedule a get-away?!!

GEMINI The 1st week this month has you wondering, "Where's the love?" Not to worry, on the 10th, it'll find you! Try lotions, potions and positions you've always wanted to as your lust works it's way into a fever pitch. You'll fulfill a thrilled partner's hidden fantasy on the 19th, and they'll spend the rest of the month willing to work on all of yours!

CANCER The month starts out slow for your sign, but you won't have to wait too long. The stars say that the 9th holds a seriously sexy surprise for you, so keep the protection handy! You'll coast along until the 19th, when a little more world-rockin' is coming your way. Enjoy the connection you've made. By the 28th & 29th, you'll want to fasten that seat belt because you're in for a bumpy ride of the best kind!

LEO There's no denying that you know plenty about lovin' Leo! But sometimes it's not what you know, but what you don't know, that makes the game interesting. So suspend all your carnal knowledge right from the first of the month, and you may be surprised by what you can learn. Better yet, around the 14th, the teacher might pleasantly surprise you!

VRIGO This sign isn't up for the Thanksgiving banquet until they figure out who they want; at, on or underneath the table! Take the early part of the month to straighten it out. You know you can have what you desire; you just have to decide what it is. The 12th is the best day to put your plan for sexy success to the test. Enjoy the feast to follow!

LIBRA For a sign that's all about balance, have you noticed lately that you're much higher on the scale for giving than receiving? If it hasn't gotten to you yet, it will! Between the 5th and the 9th, ask for an objective outside opinion. It may just be time for you to lay back, relax and let someone "do" for you!

SCORPIO FOXY BIRTHDAY SCORPIOS! I'm here to remind you this month that while self-centeredness is a helpful trait when it comes to solo sexual pursuits, it's probably not going aid you in getting laid! A little compromise can improve your sex life immeasurably, especially the 9th through the 12th. Happy holiday humping can be yours through month's end.

SAGITTARIUS The month starts out well, with a surprise lay day on the 5th. With a few surprises up your own sleeves, you extend this tryst through the 9th. Better yet, more sweet meat is headed your way by the 15th and you're ready to fire up the grill! You're sizzling now, and everyone will want to "kiss the cook", the only question is; where?

CAPRICORN This month is all about "action", and I know you want some! So for the first week, I want you to take into account all those little actions you do, that will let someone know you care. Week two, you'll realize that you're getting some goodies in return. Weeks three and four, use protection! Enough said? Great, get out there and do it, then!

AQUARIUS I know you want to spend these cold nights working out the fire in your loins, so stand up for what you want. This month will have some bumps in your romantic road on the 8th, 13th 18th and 19th, but don't let it get you down. Just because one person isn't satisfying you doesn't mean there aren't plenty who could, it's best you keep that in mind.

PISCES And the best horoscope of the month goes to...you! Pisces is the zodiac love-muffin this month, so enjoy the status. Your month will work well, cosmically speaking, but the most delicious times happen at the very end, from the 25th-30th. No matter what, you'll feel the full force of the universe smiling on you, so get busy with that universal smile!!
