

FOXY MOXY ASTROLOGY

YOUR SEPTEMBER HOROSCOPE

Will a wanton autumn fling be yours this month?

ARIES Just when you're sure that hot romance mojo is working for you, September happens. Though you've laid all the groundwork, no one is laying you! How could it be? Well, your lesson this month is patience, so hang in there 'til things start cooking on the 10th. You'll still wait around for sizzle 'til the 21st, but by then you'll be ready for the feast that follows!

TAURUS The beginning of the month feels pretty lucky but your best action happens after the 16th. Just pay attention to your deepest desires early on and don't settle for less! You'll feel what I'm talking about on the 20th when you evaluate your latest tryst. You'll know right away if this person has long-term playmate potential.

GEMINI Though often pursued, this month you'll do the chasing, so be ready to run on the 5th! You'll spend the middle of the month wooing your chosen object of affection with words. Be creative. By the 18th, they'll be delighted to find that you're even better with action than talk!

CANCER Did you wish upon a star recently? I'm guessing so, since this month your stars glitter like diamonds! Your month is full of close encounters of the sexy kind! All I can say is: be gentle with mere mortals, you'll run across a dazzling array on the weekend of the 15th - 17th. (I've been sworn to secrecy on what the 18th might hold!) Happy hunting!

LEO September is a month of sexy promise for this sign. You'll notice things going your way, right away on the 3rd through the 6th. A direct approach works best for you, especially on the 13th, and the sweet loving just rolls on in after that! You'll be purring with pleasure by the month's end.

VRGO FOXY BIRTHDAY TO YOU! This month is all about action, meaning if you don't take any, you won't be getting any! Brush up on your acting skills and tell potential playmates the things they wanna hear. Flattery will get you everywhere on the 5th. Your best-laid days can happen between the 20th and 25th, but you'll have to lay the groundwork first!

LIBRA Plan a sexy get-away. Plan a picnic in a secluded spot. Plan an evening of fun edibles in bed. The point here is plan! Spontaneity is great, but this is not the month for it. Your job is to find a way to make planning sexy. You need to rev it right from the 1st; it'll all go "up" from there!

SCORPIO There's romantic static headed your way early on this month. Just chill, and it will blow over by the 5th or 6th. After that little test, hot times will be headed your way on the 9th! The month's end may find you needing to choose between lovers, but until then you can lay back and enjoy.

SAGITTARIUS Love, lust and creativity are all in the stars for this sign. You're going to have lots of great sex, you're going to invent new ways of having great sex and you're going to love every great sexy minute of it, all month long! Your best day is every day so enjoy your good fortune, and share with plenty of others, you lucky dog.

CAPRICORN At the beginning of the month, you find yourself aware of a bump in your romantic road. It's an old hang-up from your past and it'll do you good to deal with it. After some introspection, your month gets rolling. By the 9th you can turn that bump into some serious bumpin' and grinding!

AQUARIUS There's no question that you're ready for some hot lovin', but you can't sit back and wait for it to happen. Take action, though and you'll get what you want. Pay attention on the 9th, as an unexpected rival tries to cut in on your game. Once you've showed them up, things heat up for you and the object of your affection. September's end finds you sizzling!

PISCES The beginning of a new season finds you at a romantic crossroads. Only you know whether to stay or go. The 6th and 7th bring clarity to the situation. You deserve satisfaction and you've figured out a way to make it happen by 13th. The lushest times of your life lie ahead so settle in and enjoy the ride!
